

City Council Votes to Put In 300 Parking Meters

Unanimous Vote Approves Trial Of Devices Here for Nine Months

Hamlin's City Council gave unanimous approval Tuesday night to installation of parking meters in the business district of the city, on a trial basis, Holly Toler, mayor, announced Wednesday.

The vote followed negotiations that have been carried on with the Duncan Meter Corporation for several weeks. Toler discussed the matter thoroughly and reached the agreement after the company proposed to install the meters on a trial basis without expense or obligation on the part of the city.

It is believed that from 275 to 300 meters will be needed to cover the entire downtown business district, and the devices will probably be installed sometime during the month of January. A representative of the Duncan firm assured the council that installation would take place within 30 days of acceptance by his company of the contract.

Decision to try the parking meters on a make-good basis was made by unanimous decision following a study of traffic and shopping conditions in a number of neighboring towns, before and after those towns had installed the meters, Mayor Toler said.

The mayor, with concurrence with all members of the council, issued the following written statement to The Herald:

"The members of Your City Council are in unanimous agreement that the advantages of parking meters so far outweigh the disadvantages that we should give them a trial. The members of the council and the mayor do not say the parking meter plan will prove successful in Hamlin; we do say a large majority of towns with problems similar to Hamlin recommended that we give them a trial after having tried the meters in their own towns.

"Before considering the possible advantages of parking meters let us make it clear at the start that the meters will be installed without one penny cost to the city, on a 9-month trial basis. The City of Hamlin will receive one half of all revenues during the 9-month experiment; then if the city should decide to buy the meters, the entire collections from them will be applied on the purchase price. Cost of the meters is \$64.70 each, and normally a meter will pay for itself in revenue collected, within two years, after which time the entire proceeds will go into the general fund of the city.

"Your city council consists of five councilmen and the mayor, all elected by popular ballot. It goes without saying that none of us is serving because of the salary we receive; we are all business men, pay taxes, and have the best interests of the city at heart, the same

Four Hamlin Boys Are Registered For Armed Service

Included in a list of 18 young men from the three-county area served by the Anson local board, four Hamlin boys registered for possible service in the armed forces during the month of November.

Under the selective service law each young man is required to register within 10 days after he attains his 18th birthday anniversary.

Those from Hamlin who registered during the past month are: Douglas Woolf, Rt. 1; Clovis James Williams Jr.; Bobby Eugene O'Neal, and Calvin Lewis White.

Other registrants were: Antonio Benjamin Bernstein, Albany; Homer Wayne Brooks Jr. Moran; Claude Smith, Johnny Lewis King, and Antonio Zambrano Jr., all of Anson; Hugh Charles Gafford, and Welton Cyrus Simpson, both of Hawley; Tracy Eugene Grimes, Floyd William McGuire Jr., and Donald Kenneth Mapes, all of Haskell; Dennis Ray Briles and James D. Bryan, both of Rule; Fred Draper of Weinert, and Vernon Alvin Burfield of Merkel.

Cotton Farmers Voting Thursday on Approval of 1950 Marketing Quotas

Price support for cotton produced in 1950 will be available only to "cooperators"—those farmers who plant within their acreage allotments—whether marketing quotas are approved or rejected by growers in the referendum which was being held Thursday, December 15, the state office of the Production and Marketing Administration announced Wednesday.

The announcement is based on a determination by Secretary of Agriculture Charles F. Brannan under terms of the Agricultural Act of 1949. B. F. Vance, chairman of the State PMA Committee points out, and means that acreage allotments will be used to determine eligibility for price support in 1950 even if quotas are rejected by growers.

"If quotas are approved by growers in the referendum 'cooperators' will be eligible for CCC loans on their 1950 crops at 90 per cent of the parity price next August 1," the chairman explained. The average 1949 loan rate in Texas—which is 90 per cent of the August 1, 1949 parity price—is about 29.20 cents per pound.

"But if quotas are not approved in the referendum, the loan rate to 'cooperators' on their 1950 crop will be 50 per cent of the parity price next August 1," the chairman said. Fifty per cent of the August 1, 1949 parity price in Texas is about 16.20 cents per pound. The parity price of cotton has dropped since August 1 and 50 per cent of present parity would be about 15 cents. "Noncooperators" will not be entitled to price support protection in either case.

In announcing the determination, PMA officials explained that the acreage allotment—marketing quota program is intended to provide farmers with a method of cooperatively adjusting production in line with requirements for cotton.

If quotas are approved, the officials point out that the "noncooperator" is required to pay the full penalty on his "farm marketing excess" before he can market any of his 1950 cotton crop.

B. R. Brown and daughters, Carol Dean and Barbara Sue, were guests of Mr. and Mrs. D. A. Brown last week-end.

WE WUZ ROBBED... Faculty Cagers to Raise Ante on Pipers as Bribe to Game Officials

"We wuz plumb robbed in last year's game," "Carrot Burditt, member of the faculty basketball team, sobbed this week as he told a Herald reporter of plans for the annual grudge cager game, set for next Tuesday night.

The game, an annual affair, will be played between members of the Pied Piper varsity squad, and has been from the faculty, who, Burditt said quite frankly, are depending on bribery of the officials to win the contest.

The game will be played on the elementary school court and will follow a girls' game, in which members of Mrs. George Morris' physical education class will compose the teams. The girls' game is slated for 7 p. m. and the feature game will follow at 8 o'clock.

Burditt, his face flushed in anger, shouted as he told a reporter the details of last year's game.

"We had them officials fixed," he said, "and them there Pipers got to all of the officials after the game, see, and of course they won, see," he finished.

Burditt said secret plans of the faculty strategy committee this year

Money Trickles in to Honor Brad Rowland

Money was trickling in slowly this week for the fund to send Mr. and Mrs. Brad Rowland to the Oleander Bowl football game on New Years Day, in which Hamlin's all-America back, Brad Jr., will play.

Joe Culbertson, who is in charge of the funds, said the total is insufficient, and only a few contributions were made during the past week. No solicitation is being made, and the fund is entirely voluntary, Culbertson said.

Dr. Smith to Join Staff of Hospital Friday Morning

Dr. LeRoy Smith will join the staff of the Hamlin Memorial Hospital Friday morning, Dr. E. J. Hawkins, head physician, said Thursday.

Dr. Smith, a classmate in medical school of Dr. Hawkins and Dr. E. D. Perrin, is coming to Hamlin from Dimmitt, where he has been practicing his profession for more than a year.

Prior to his practice at Dimmitt, Dr. Smith was in the army for two years and was serving at a veterans hospital.

Dr. Smith graduated from Baylor University School of Medicine in 1945 and was taken into the armed service to begin his medical career.

The new physician and Mrs. Smith have moved their family of two children to Hamlin to make their home. They are members of the Presbyterian Church.

"We are glad to announce the coming of Dr. Smith," Dr. Hawkins said Thursday. "We feel that his addition to the hospital staff will help us to serve this community in a better way." The work at the hospital has increased greatly during the past few months, records of the institution reveal.

73,699 Bales Ginned in County by Dec. 1

Jones County gins turned out 73,699 bales of cotton from the 1949 crop prior to December 1, a report issued this week by Bowen Pope, special agent for the Department of Commerce, revealed.

The ginnings for 1949 are almost 50,000 bales in excess of ginnings from the 1948 crop to the same date last year, Pope said. Last year only 27,266 bales had been processed prior to December 1.

Cotton growers and gin men expect the final 1949 report to show more than 80,000 bales of cotton.

North Side Singers To Meet in Hamlin

Calvary Baptist Church in Hamlin will be host to the North Side Singing Convention, when it convenes at 2:00 p. m. Sunday, Joe Murff, president, announced Wednesday.

The convention is made up of churches in the north part of Jones County. An attendance of approximately 200 is expected at the meeting.

Several outstanding quartets have promised to be present for the convention, and congregational singing will be conducted.

Vault Door Here for New Bank Building

The 6,000 pound door for the vault in the new bank building to be occupied by the Farmers & Merchants National Bank, arrived this week and has been installed, Tate May, president, said.

The building, almost completely rebuilt, will be ready for occupancy sometime early in January, May said.

Foursquare Church to Have Christmas Play

A Christmas drama, "One Holy Night," will be presented in the Foursquare Gospel Church next Wednesday evening, December 21, Rev. Alice Harrell, pastor announced this week.

The play will be presented with a cast of 11 characters. Other entertainment will include special songs, Christmas music, and a Christmas tree. Treats will be distributed to all who attend.

The public is invited to attend the program, Rev. Harrell said.

CHILD TAKEN HOME.

Donnie Maberry, three-year-old son of Mr. and Mrs. J. W. Maberry of McCauley, has been removed to his home from the Hamlin Memorial Hospital. The child, who has been seriously ill, is reported to be recovering.

Mr. and Mrs. Stanley Carmichael are visiting in Las Cruces, New Mexico, this week.

Eleven Mexicans Perish As Fire Destroys Home

Aged Man, 10 Descendants Perished In Early Morning Blaze Thursday

An aged Mexican, Basello Perez, 75, and 10 members of his family died in a fire that swept through their home on the Arnold Douthitt farm 14 miles northwest of Hamlin about 2:30 Thursday morning.

The fire is believed to have started from a defective flue, although no official verdict on its cause has been made.

The family, who had come to this vicinity to pick cotton, had lived in the 3-room house only two days, according to Federico Garcia, son of the elder Mexican.

Others who died in the flames were: Manuel Perez, 38, son of Basello, Manuel's wife, Maria, 40, and six of their children. The names of the children were: Mrs. Alfredo Costello, 15, Juanita Perez, 13, Jesus Perez, 11, Victoria Perez, 8, and Manuela Perez, 2.

Others who died were: Alfredo Costello, 20, and Monse Perez, 16.

Bodies of the 11 victims were taken to Rotan shortly after noon Thursday, where burial arrangements were being made.

Crowds of curiosity seekers visited the smoldering ruins during the day Thursday, and some even combed the ashes for bits of bone and other gruesome remnants of the disaster.

Manuel Perez had come to a Rotan gin late Wednesday evening with a load of cotton, and returned to his home shortly before midnight.

His brother said he had bought Christmas presents for some members of the family, and the family planned a Christmas celebration some time next week, when all nearby relatives were to be invited to the house.

In the ashes of the building were found several blackened toys, whose frames had been warped by the tremendous heat.

A huge pile of cottonseed, still blazing and smoking late Thursday, marked the bed of the family, Federico said. He told a Herald reporter that the family lacked money to buy a regular bed, and had spread its quilts on the cotton seed.

County Court Fines Rise for November

Fines assessed against defendants in Jones County Court took a sharp upward trend during the month of November, according to H. O. Rowland Jr., county clerk.

In a total of 22 cases filed in the criminal docket, fines and court costs attained the sum of \$6,344.45. Judge Roger J. Garrett presides over the court.

Violations of the liquor laws led the list of offenses, Garrett's docket revealed. Twelve persons were fined for selling intoxicants and one was penalized for possession of whiskey. Seven cases of driving while intoxicated were filed.

Other cases filed during the month were: bogus checks, 2; misbranding feed stuff, 1; display of deadly weapons, 1; and aggravated assault, 1.

Interest Growing In South Oil Area

Set Surface Pipe on New Test Six Miles South of Hamlin; Dr. Bryant Gets Permit

New interests flared up in the oil production area south of Hamlin this week as one new well was started, a second was staked off and a third was brought in as a producer.

The Floyd H. Lindsey test, drilled on the F. W. Poe Subdivision 11, L. Kratz, had set surface pipe Wednesday and was beginning drilling operations Thursday morning.

The well is located six miles southeast of Hamlin, and is an outpost to production in the nearby Boyd Chapel pool. The well will go to the Swastika at about 3,400 feet.

Dr. W. H. Bryant obtained a permit this week to drill the No. 1 Charlie E. Young, south of Boyd Chapel, and prepared to spud in the test about December 23. Bryant will explore the Swastika.

Production from the upper Gungahight was obtained in the Judee L. Crow well, 11 miles south of Hamlin. The well was put on pump for a producer.

Texas Pacific Coal & Oil Company, moved in this week for an offset to initial production on the Dickey Ferguson tract north of Hamlin. The discovery well on the tract is producing from the Swastika, and operators announced the new test will go to that sand.

Atlantic Refining Company, drilling northwest of Hamlin, was at 5,100 feet this week, and going on down to the Ellenburger.

Texas Pacific completed a Swastika well on the Pardue tract for good production, but no announcement was made of potential.

Texas Pacific has completed the Port H. Williams No. 4, a southeast offset to production five miles north west of Hamlin. Potential has been set at 19,182 barrels of oil in 24 hours.

The well flowed from open hole at 3,770-774 feet through 14-63 inch choke. Casing was set at 3,771 feet.

General Crude Oil Company has completed the No. 4 W. H. Jackson, a north offset to production in the Round Top area, seven miles west of Hamlin. The well has a potential of 109 barrels in 24 hours.

The test flowed from open hole at 4,840-63 feet through quarter-inch choke. It was acidized with 4,250 gallons. Casing was set at 4,845 feet.

Rowland, Cowan and Dean Honored In Texas Conference Stellar Selections

Three Hamlin lads, playing football with the McMurry College Indians, have just received recognition for their outstanding gridiron abilities from other players and coaches of the Texas Conference.

Brad Rowland, halfback, and Les Cowan, end, were selected for the mythical All-Conference first team. They were the only two unanimous choices in the entire conference.

Indian Quarterback Doyle Dean received All-Conference honorable mention for his deceptive ball-handling and his field generalship.

Rowland, in addition, was listed on the Associated Press Little All-American team this year, and was chosen as the Texas Conference's most valuable player.

The triple-threat halfback was an honorable mention to Little All-American honors in 1948. He has been in an All-Conference back for three consecutive years, and 1947, his first year of college football, he was elected most valuable player of the conference. Brad is the son of Mr. and Mrs. Brad Rowland, Sr., of Hamlin.

Cowan has chalked up his third straight year as All-Conference end with the Indians. He also was an honorable mention to the Little All-American team in 1948. Les has lettered four years in football and three in track. He is the son of Mrs. L. L. Cowan, of Hamlin.

Dean has played football for three years at McMurry, lettering the past two years. This year he took over the reins of the Indian T-formation, and is expected to make even bigger headlines next season Doyle is the son of Faye Dean of Hamlin.

Dean and Rowland are both juniors, and are expected to return to McMurry next year to boost the Indians' hopes of winning their fourth successive Texas Conference title. Cowan has just completed his last year of college eligibility.

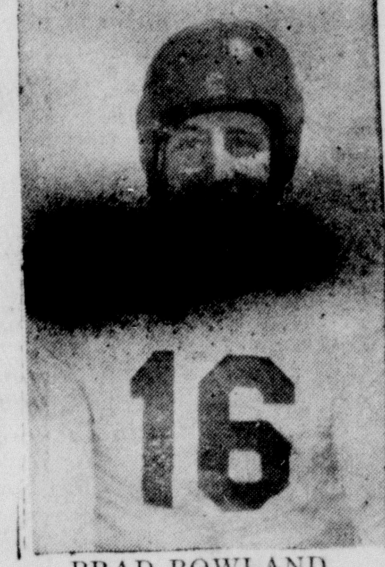

Care With Wiring Is Plea of Fire Fighters

Householders in Hamlin and this area were warned this week to use extreme caution in the use of electrical wiring for their Christmas decorations. The warning came from the Hamlin fire department.

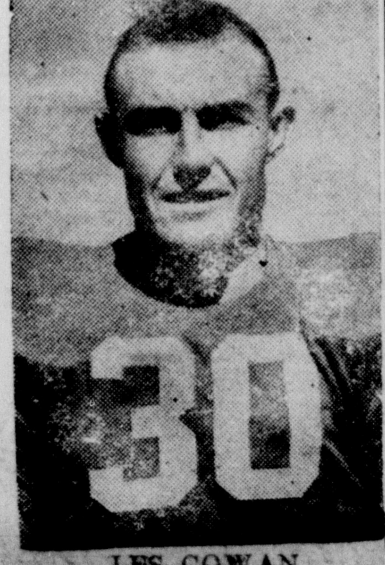

Overloading of electric outlets can cause overheating of wires, which result in disastrous fires, the spokesman for the department pointed out.

In addition, he said, numerous holiday fires result from candles, and from the use of fireworks.

"Firemen would like to enjoy a complete Christmas vacation without having to make runs," the member said. "We can only get such a vacation if people use proper care and caution in their holiday celebrations."

Lions See Picture Plan Gifts for Kids

A picture, "The Story of TVA," was shown to members of the Hamlin Lions Club at their Tuesday noon luncheon. The film, released by the State Department, is designed to create favor for the experiment in socialization of industry.

Members of the club will bring gifts of toys to the meeting next Tuesday. The gifts will be distributed to needy children for Christmas.

CONDITION IMPROVED

Condition of Mrs. M. P. May, who was discharged from Callan Hospital in Rotan this week, is reported to be much improved. Mrs. May underwent treatment in the hospital for a week.

CALLED FOR DANCE

R. Witt of Hamlin was one of the special callers for a square dance festival at the Abilene Municipal Airport Saturday night. More than 1,000 persons attended the dance, including many from Hamlin.

LIONS ATTEND MEET

Mr. and Mrs. A. O. Irwin, Mr. and Mrs. Haskell Carter, Mr. and Mrs. I. R. Hutchinson, Mr. and Mrs. B. V. Newberry and Mr. and Mrs. Onis Crawford attended the Lions zone meeting in Abilene last Thursday evening. The dinner was given at the Rose Field House.

Many People Starve While Eating Abundance of Food, Doctor Says

Few people realize that it is possible to be well fed and at the same time very badly nourished. A person can eat a great deal and still not get enough minerals and vitamins necessary for healthy living. Through unwise choice or poor preparation of his food, he is actually getting little real benefit from it. The housewife is usually responsible for making the most of every meal. Her first important step is to plan meals that will provide her family with proper nourishment. She must choose, for the meals she serves, food from what nutritionists call the "basic food groups." These products, meats, poultry or fish, green and yellow raw and cooked breads, butter, cooking fats, and sugar. These foods contain protein for building and repairing body tissue.

sues, carbohydrates for restoring energy, calcium for building bones and teeth, and iron for blood cells.

When prices are high, it is particularly important to shop carefully for food. Prices of meats and vegetables fluctuate depending on season and markets, and the housewife can select the less expensive meats and vegetables without depriving her family of needed food elements.

To get the most out of food, proper cooking is as important as intelligent planning and wise shopping. Nutritionists say that many American women destroy and waste the nutritional elements contained in foods by faulty preparation. For example, when vegetables are boiled too long in too much water, valuable vitamins and minerals are destroyed.

To preserve their full value, vegetables should be dropped in just enough boiling water to prevent them from sticking to the pot, covered tightly, and cooked quickly until they are tender. Vegetables prepared this way will contain more nourishment as well as taste and look better.

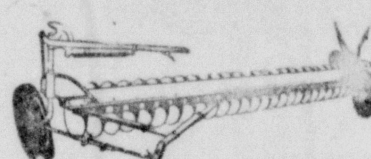

Meat has been a particularly expensive basic food, but the wise housewife can save by frequently serving the less costly cuts. Fish

and poultry can be substituted from time to time for the more expensive

GRIMES IS CORPORAL

Robert L. Grimes of Hamlin, route 3, who is stationed in Japan in the army occupation forces, has been promoted from private to class, to corporal. Grimes is serving as Roko golf course manager at Kobe base.

Herald Want-Ads Bring Results!

**Sylvester Price
Last Thursday
For J. T. Williams**

Funeral services were conducted at 2:30 p. m. Thursday afternoon in the Sylvester Methodist Church for J. T. Williams.

James Thomas Williams, 80, who died last Wednesday evening, was in charge of the service and was assisted by Rev. Olen Butler of McAlester.

Williams died in the home of his daughter, Mrs. Hugh Jeffrey, following an extended illness.

A member of the Methodist church, Williams was also a member of the Woodmen of the World lodge.

Survivors are: one daughter, Mrs. Jeffrey; two sons, E. S. Williams of Sylvester and L. C. Williams of Sweetwater; three sisters, Mrs. O. L. Jacobs of Clarendon, Mrs. Annie Anderson of Sherman, and Mrs. G. D. Bennett of Whitehouse; four brothers, W. E. Williams of Claude; S. J. Williams of Clarksville; S. C. Williams of Whitehouse; and R. F. Williams of McAlester.

Burial was in the Newman cemetery.

**Firemen Entertained
At Annual Banquet**

Members of Hamlin's fire department, and additional guests, were entertained at the annual Christmas banquet at which members of the Fire Department Auxiliary were hostesses, last Thursday evening.

Games and Christmas music entertained the guests, and gifts were distributed from a brightly-lighted Christmas tree.

The city council was represented by Arlie Cassle and Mr. and Mrs. Clyde Huff. Rev. and Mrs. Dan Jones, Elmer Brewer and J. H. Foster were the other guests. Sixty-five persons attended the dinner.

U.N. Assembly Elects New Officers

These are the seven key men in the debates of the United Nations General Assembly now holding its Fourth Regular Session at U.N. Headquarters. Standing behind Assembly President Gen. Carlos P. Romulo (Philippines) are the chairmen of the main committees in which most of the Assembly's work is done. They are from left to right: Canada's Lester Pearson; Chile's Hernan Santa Cruz; Venezuela's Carlos Stolk; Denmark's Hermod Lannung; Greece's Alexis Kyrrou; and Poland's Manfred Lachs.

**Dangers to Health From Pneumonia
And Its Effects Given in Warning**

Within the last decade, the use of sulfa drugs and penicillin have helped save the lives of thousands of pneumonia victims, but the disease remains a serious menace to life and a successful fight against it still depends on prompt medical

treatment of those whom it attacks.

Pneumonia, a communicable disease which strikes most frequently during the winter months, attacks the lungs. The germs causing the disease get into the air pockets of the lung and obstruct its normal breathing functions. The destructive pneumonia germs grow very fast and produce poisons that may invade the blood stream and other parts of the body.

The early symptoms of pneumonia usually include a sharp pain in the side or chest, chills and fever and a rasping cough that frequently brings up blood-tinged sputum. The patient's breathing is rapid and painful because of the damage to the lungs and to the normally slippery covering of the lungs.

Pneumonia is an insidious, fast-working disease, and even the sulfa drugs and penicillin cannot be considered "sure cures" in all cases. Prevention, of course, is safer and surer than the best precaution against pneumonia is a strong healthy body that consistently gets plenty of fresh air, balanced meals, rest and proper exercise and builds up a natural resistance to the disease.

Such illnesses as influenza, grippe, whooping cough, scarlet fever, diphtheria and even the common cold are believed to lower a person's resistance to the point where he is an easy prey for the pneumonia germs. Extra care should be taken of a sick person during and after such illnesses as an important preventive measure against pneumonia germs.

If pneumonia is suspected, if any of the symptoms appear, the sick person should be put to bed and the doctor called at once. Do not wait for further symptoms; every moment counts with pneumonia. Many cases of the disease started out with seemed to be a slight cold and fever. It is important for everyone caring for a pneumonia patient to follow the doctor's instructions carefully.

**Extra Caution Is Needed in Driving
During December to Return Safely**

"Return home safely every time!" This was the plea to motorists today by Chas. A. Miller, president of the Texas Safety Association, speaking in behalf of the Texas Department of Public Safety's December program of traffic safety education.

"Last December," Miller said, "nearly 2,000 motorists did not return home safely, according to National Safety Council figures. This was the number of motorists killed in that one month alone. Approximately 70,000 were injured in traffic accidents."

The Texas Department of Public Safety pointed out that probably no other month of the year has the abundance of special winter driving hazards that December has. One of the biggest factors in December's out-of-proportion traffic accident toll is the length of the nights and the shortness of the days. This means greater exposure on the part of pedestrians as well as motorists to the dangers of night-time accidents.

"In addition to this," Miller said, "December weather, with its snow, ice, sleet, and rain, not only seriously cuts down the drivers' visibility but lessens the traction in stopping to a very dangerous degree. Such unfavorable road conditions as these showed up in one out of every five fatal accidents last year, according to national figures. Rain, fog, or snow, was also present in one out of every seven fatal traffic accidents."

The Texas Department of Public Safety warned drivers that during the holiday season everyone is too likely to relax ordinary habits of caution, when actually more alertness is called for.

"When the total death list for last December was tallied," Miller said, "the fatalities to both pedestrian and motorists amounted to 3,120 persons." Only extreme caution, thoughtfulness, and a deep realization of the perils of winter driving on the part of everyone can reduce this appalling toll. It's an individual responsibility that, for the sake of your family and yourself, cannot be shirked.

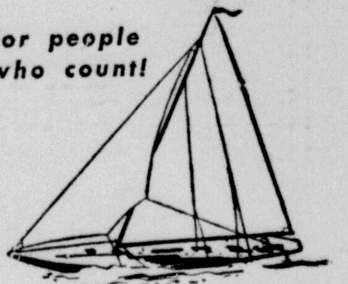

"Don't let death take your holiday. The minute that you might save speeding, the quick drink that you might have before the trip, or the hope that windshield wiper and defroster won't be needed can mean that you've enjoyed your last holiday as well as your last day."

This month's traffic safety program is conducted by the Texas Department of Public Safety in cooperation with the Texas Safety Association.

"This Christmas
give the gift of
**LUXURIOUS
SLEEPING
COMFORT**"

With the famous
Automatic Watchman Control

LUXURIOUS SLEEPING COMFORT—the gift of gifts is the gift you give when you give an Automatic Electric Comforter. Just set the bedside control and the Automatic Watchman insures perfect sleeping comfort under just one lightweight Electric Comforter, regardless of changes in room temperature.

The lush rayon satin cover is available in three rich, gorgeous colors: Rose, Blue, or Green. It is easily dry cleaned and the inner warming sheet can be removed for laundering.

**West Texas Utilities
Company**

Your electric appliance dealer or any W.T.U. employee will be glad to tell you about these wonderful Electric Comforters.

No Homeland, But Urge to Study Lives On

Some 2000 refugees are enrolled in European universities, while the U.N. International Refugee Organization seeks homes for them. At the left, refugees use a basement library in a bombed-out building. At the right, a student cooks in his tiny bedroom-study-living room.

Annual Stock Show Is Slated Late in March

The annual Jones County Fair Stock Show will be held late in March or early in April, tentative plans announced last week indicated.

This year, under an agreement to alternate its location each year between Stamford, Anson and Hamlin, The 1949 show was in Anson.

No sale will be held of livestock displayed in the show this year, cash prizes will be awarded. Expenses of the show are paid by the three towns.

Juniors Entertain Parents at Party

Members of the Junior Department of the First Baptist Sunday School entertained their parents at an annual Christmas party Tuesday evening.

Movies of the SMU-Baylor football game and of the Stamford rodeo were shown. Christmas carols were sung by the group, and refreshments were served. Gifts were exchanged.

Officials of the department, present were: Mrs. O. D. Roland, Mrs. Betty Miller, Thee Hill, Mrs. W. R. Townsend, Jack Wright, Mrs. W. R. Wilkerson and Marvin Carlton, teachers, W. A. Albritton, secretary, and Mrs. M. T. York, superintendent.

Gleaners Class Met To Wrap Yule Toys

Several members of the Gleaners Sunday School class of the First Baptist Church, met in the home of Mrs. Marvin Carlton Tuesday to wrap toys to be sent to Buckner Orphans Home.

Mrs. Weldon Johnson gave a devotional as a program for the session.

Those present were: Mrs. Johnson, Mrs. Bill Shira, Mrs. A. H. Trotter, Mrs. James Brown, Mrs. Paul Gentry and Mrs. Carlton.

Dorcas Class Gives Annual Yule Party

Members of the Dorcas Sunday school class of the First Baptist Church were entertained with a Christmas party in the home of their teacher, Mrs. Etta Stephenson last Thursday.

A Christmas tree centered decorations for the evening and a Christmas program provided entertainment. A covered dish luncheon was served to 13 members and two visitors.

The objects fostered by the class for Christmas were: 1. The Lottie Moon Christmas offering for foreign missions. A total of \$31.70 was raised for this purpose. 2. Ruby Lee Sledge, the little crippled girl, sponsored by the class, was present and received many nice gifts and a Christmas box. 3. A large box of canned goods was prepared for a needy family.

Gifts were exchanged by class members. The program was opened by members singing "Joy to the World," followed by a devotional given by Mrs. Stephenson. She used Scripture from Luke 21-20, the story of the birth of Jesus.

Mrs. J. G. Smith sang a solo and Sandy Smith, a visitor, gave a reading.

The program was closed by members singing "God Be With You Till We Meet Again."

MORE PEOPLE HAVE BOUGHT CHEVROLETS
than any other make

—just as they have done during the
total 19-year period, 1931 to date!

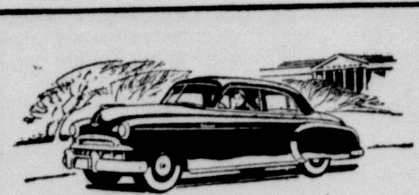

THE men and women of America know value when they see it!

Consequently, they are purchasing more Chevrolet passenger cars than any other make . . . and more Chevrolet trucks than the next two makes combined . . . thereby placing Chevrolet first in sales this year, just as they have done for the total 19-year period, 1931 to date.

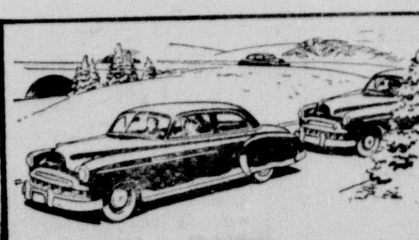

Naturally, we and all Chevrolet dealers are deeply appreciative of this overwhelming tribute of preference; and we join with Chevrolet in pledging to do everything possible to give you greater and greater value in the months and years to come.

Brighten Santa Claus' Castle

SANTA CLAUS, IND.—Armed with cleaning rags and a bottle of Cream Wax, two Johnson gnomes scrambled to the roof of the Santa Claus Castle to brighten the sign for Christmas. During the holiday season more than 100,000 visitors will pilgrimage to this historical place to tour the fabulous castle and mail gifts and cards from the post office with the magical name.

Santa Claus, Ind., the only town so named in the United States, was founded in 1940 as Santafee, but was unable to obtain a post office because there already was one in Indiana with that name. At a community party on Christmas Eve in 1855, the residents decided to call their community Santa Claus and the following year a post office of that name was established. In recent years millions of letters, cards, and toys have been forwarded to Santa Claus for mailing, and all the residents of the little town turn out to help postmark the tidal rush of Christmas mail.

Mrs. Simmons Hostess To SS Class Party

Mrs. James Simmons was hostess in her home Tuesday evening to members of the Business Womens class of the First Baptist Sunday School, when they were entertained with the annual Christmas party.

Mrs. Vera Nobles, teacher, and Mrs. Ruby McMahon, sponsor, were presented with beautiful gifts by the class. Members exchanged gifts.

Those present were: Mrs. J. G. Jackson, Mrs. Grover C. Arter, Mrs. Vera Nobles, Mrs. Van Huling, Miss Viola Avants, Miss Elsie Withers, Mrs. L. G. Server, Mrs. Pete Bond, Mrs. Ray Huling, Mrs. Faye Dean, Miss Nettie Bower, Mrs. Florence Cornett, Mrs. Austin Poe, Mrs. R. E. McCormick, Mrs. J. E. Simmons, Mrs. Orkett Fomby, Miss May Gay, Miss Elva Greenway and Mrs. Ruby McMahon.

Judging of Windows Is Set for Monday

Judging of Christmas window decorations, in both business houses and residences, will take place Monday night, December 19, Mrs. E. M. Wilson, secretary of the Chamber of Commerce, said, this week.

Prizes totaling \$25 dollars will be offered for the best decorated store windows, and similar prizes will be offered for the best decorated homes.

The prizes will be awarded as follows: first \$10, second \$7.50, third \$5 and fourth \$2.50.

Hamlin VFW to Play Grid Game at Snyder

Hamlin Post 6014, Veterans of Foreign Wars, will meet the Snyder VFW Post in a football game to be played at Snyder Friday evening, at 7:30, C. W. Gold, local commander, said this week.

The local vets have been in training for the game since a challenge was issued by the Snyder Countians more than two weeks ago. Suits for the local team will be provided by the High School athletic department, Gold said.

By the time a man become important enough to take two hours for lunch all he can eat is crackers and milk.—Catskill Mountain News, Margaretville, N. Y.

Nearly 1,000 Americans Die Each Week From Effects of Tuberculosis

Tuberculosis is responsible for nearly 50,000 deaths in the United States each year. It kills at the rate of one person every eleven minutes—ills nearly 1,000 Americans a week.

It is true that tuberculosis has been forced down from first to seventh place among leading causes of death in this country since the organization of the National Tuberculosis Association in 1904. But despite the nationwide attack on tuberculosis, which has expended and accelerated since the founding of the NTA, TB still heads the causes of deaths from diseases among young adults between 15 and 34.

One of the reasons why tuberculosis has been difficult to control is that the disease is a highly communicable one, spread easily from person to person. To complicate matters, tuberculosis has no outward symptoms in its early stage. Therefore, a person may have tuberculosis in an early stage and not even know that he is ill. He innocently goes about his daily tasks, spreading tuberculosis germs among his family, his friends, and his working associates.

There are an estimated 250,000 of these "unknown," or unreported, cases of tuberculosis in this country. But we know how to find these unknown cases, and once they are found, measures can be taken to have them placed under treatment and thus halt the spread of the disease.

One way the unknown case can be found and are being found is by X-ray apparently healthy adults. For the X-ray can "see" evidence of the disease even in its earliest stages, before symptoms are apparent.

To Relieve Misery of

Most Southwest Markets Held Steady To Lower During Pressures of Week

Most southwest farm products held steady to lower Monday Dec. 12 through Monday, Dec. 12 although occasional strong spots appeared, according to the U. S. Department of Agriculture's Production and Marketing Administration. Milo lost 2 cents a hundred pounds for the week, and barley 2 3 cents a bushel and white corn penny. Other grains showed little or no change. No. 2 yellow milled Monday at \$2.30 to \$2.35 per hundredweight in bulk carlots at common points. Barley sold 31 to \$1.36 a bushel on No. 2 and No. 2 grade and No. 2 white corn at \$1.64 to \$1.66, wheat ranged from \$2.38 to

continued to weaken in the market as demand failed to absorb increased offerings. Most hogs, including turkeys, showed little change from last week. Current receipts eggs brought 38 to 40 cents a dozen at Dallas and Fort Worth, 33 to 36 cents at Denver, and 33 to 38 cents at Little Rock. A few less livestock came to southwest yards last week than the week before or the same week last year. Hog numbers increased at midwest terminals.

Most hogs found steady markets last week, although prices were 50 cents lower at San Antonio. Sows sold 50 cents lower at most yards. Good and choice medium weight hogs bulked at \$15.50 at San Antonio, and from \$15.50 to \$16.50 elsewhere in the southwest. Prices reached up to \$15.85 at

Mrs. Ezell Hostes to Garden Club Coffee

Mrs. J. W. Ezell was hostess at a coffee in her home to members of the Hamlin Garden Club. Mrs. Dick Maberry poured coffee from a table laid with cut work linen cloth and centered with a green fan flake with red nandine. She was assisted by Mrs. A. A. Hackley, Mrs. Fed. Britton and Mrs. M. T. York.

Mrs. F. B. Moore was leader of the program for the day.

A standing vote of thanks was given the five members who took part in a recent radio program.

A motion picture, a year in the old dirt dober's garden, was shown by Clyde Angel.

Plants were exchanged by Mrs. Stanley Hill.

Those present were Mrs. Luther Marr, Mrs. LaFoy Patterson, Mrs. C. G. Green, Mrs. Harold Bonner, Mrs. M. T. York, Mrs. R. D. Moore, Mrs. A. A. Hackley, Mrs. W. A. Albritton, Mrs. F. B. Moore, Mrs. J. W. McCrary, Mrs. Dick Maberry, Mrs. F. A. Fowler, Mrs. Ernest Jenkins, Mrs. M. T. Huson, Mrs. A. G. Irwin.

Mrs. Stanley Hill, Mrs. P. D. Harkins, Mrs. Carl Young, Mrs. Tom Teague, Mrs. W. J. Poe, Mrs. W. H. Pickron, Mrs. B. Middleton, Mrs. R. L. Kite, Mrs. Clyde Angel, Mrs. Ed Bailey, Mrs. J. P. Morgan, Mrs. E. D. Perrin and the hostess, Mrs. Ezell.

Featured on the program will be special Christmas carols sung by a chorus of colored children from Rotan, directed by Mrs. Birdie Stevenson.

Other musical numbers will be on the program, and treats will be provided for all who attend.

Mrs. W. H. Gilbert left Thursday for Alabama, where she will spend the Christmas holidays with relatives in Lismann and Pushmataha. In January she will go to New Jersey to make an extended visit with her son-in-law and daughter, Mr. and Mrs. Charles E. Holder in Westfield.

Mrs. Anna Bell Sills entertained with a reading.

Gifts were exchanged and each member brought a gift to be given to some needy person.

Cake and coffee were served to 40 members and guests.

IN CALLAN HOSPITAL

Mrs. Leighton Stephens and G. W. Joplin, both of McCaulley underwent treatment in Callan Hospital in Rotan last week.

Coach Jesse N. Burditt, and Billy Sutherland attended the Abilene-Highland Park football game in Dallas last Saturday.

OUR THANKS TO YOU . . .

It has been a year since we came to Hamlin and took over the operation of our store. . . during that year our little business has grown, until today we occupy larger quarters, have a more complete stock, and we are able to serve a larger group of customers.

It is because of your loyal patronage that we have been able to enlarge our store, and that is why we want to say, as we enter the holiday season. . . Thanks to you!

Come in and select Your Christmas Gifts. . . you're sure to find just what you need, and at reasonable prices.

THIS NEW
NORGE GAS RANGE
HAS
TWO BROILERS

That's right... this beautiful Norge range has two broilers. One is located at waist level, within easy reach. The other is directly beneath the big, family-sized oven. Both are extra-deep... both have fully adjustable "smokeless" grills that keep the flame away from dripping. A wonderful arrangement for big families, or for people who like to entertain!

Of course, there are a score of other fine features, too... fast, economical "Concentrator" burners... one-piece, acid-resistant porcelain-enamel top... and, of course, the new styling, featuring a tilted control panel and recessed burner covers. Work lamp, electric timer clock and electrical outlet are available at slight cost.

Stop in and look over the Norge two-broiler model. It's the cooking sensation of the year.

Teacher Association Had Program Monday

Miss Billie Lancaster, director of the speech department in Hamlin High School, presented a program on Shakespeare Monday evening, at a meeting of the Hamlin chapter of Texas State Teachers Association. The group met in the Elementary school cafeteria at 6:30.

Refreshments were served following the program to teachers of the local schools and guests.

BUYS METERS

(Continued from Page One)

parking in our busiest area which creates hazards to pedestrians and motorists alike.

"2 CITY REVENUES would be increased a few thousand dollars annually by meters.

"Those are the principal advantages promised by parking meters.

Now as to the disadvantages or objectionable features. Would the 5c parking meter fees drive customers away from Hamlin to nearby smaller towns which do not have meters? Your council frankly doesn't know, but we believe not, solely from the experience of more than 100 towns we have checked.

"The council believes persons needing to park near a certain store where they wish to make a purchase, would gladly pay 1c for 15 minutes, five cents for one hour, or 10 cents for two hours. Whereas, the present system they must have to park two or three blocks away from the particular store they wish to visit, consequently they might shop elsewhere.

"It is the fact that where a parking fee is required in certain areas, penalize the firms in that area by driving their customers to competitive stores where parking fees are not located? It is the judgement of your council that it would not hurt them, but actually benefit their business, by making a parking space available to many times more customers, few of whom can now find space to park near the firm where they need to make a purchase.

"If parking meters are a good thing why don't all towns of Hamlin's size have them? Scores of towns of less than 5,000 population do have parking meters. Towns, like the citizens making up those towns, are reluctant to take on new ideas until they have been proven beyond doubt. But scores of towns of Hamlin's size have adopted the parking meter plan since the end of the war; and more and more are going so every month.

"Your city council and mayor have been subjected to strong criticism since it became known we were going to make an experiment with parking meters to learn if the meters would do for Hamlin what they have done for so many towns that now employ them. We believe most of this opposition stemmed from lack of information and in a few instances from interests with purely personal axes to grind.

"To those of you who are opposed to parking meters, we might say that some of the members of the city council were also opposed to them when the subject was first brought up. After considering all the angles, the council unanimously voted to try them.

"We would remind you our only interest in parking meters or any other problem pertaining to your city government, is the best interest of our town as a whole. If parking meters are good for Hamlin, the council wants them, and if they are detrimental to Hamlin, we do not want them.

"The meter company is paying for the entire cost of installation, and the city of Hamlin will not spend one penny. On the other hand the city treasury will receive one-half of all revenues during the nine months we are trying them, and all of the revenue if we decide they are a good thing. The way we see it, we have everything to gain and nothing to lose, and we hope and trust the public will conduct this experiment with an open mind."

Friendship HD Club Had Christmas Party

Members of the Friendship Home Demonstration Club, and their families, were entertained with a Christmas party in the school cafeteria last Friday evening.

A turkey dinner was served and gifts were distributed from a lighted Christmas tree. The club presented a gift to Mrs. Cecil Brown, who has served as president during the past two years.

Those present were Mr. and Mrs. Cecil Brown and children, Gwendolyn and Randy, Mr. and Mrs. W. Green, Mr. and Mrs. Bert Pomby and daughter, Sara Kay, Mr. and Mrs. Roy Brown, Mr. and Mrs. M. S. Johnson, Mr. and Mrs. Grady Smith and children, Joy Ann, Jerry and Skipper, Mr. and Mrs. Jess Johnson, Mr. and Mrs. Fred Carpenter, Mr. and Mrs. Ray Johnson and children, Ann and Ray Jr., Mr. and Mrs. James Brown, Mr. and Mrs. John Hix, Mr. and Mrs. Robert Johnson, Mr. and Mrs. Jap Kemp, Mr. and Mrs. Horace Brown, Mrs. Edd Rogers and daughter, Gloria, Mrs. Jack Collins, Mrs. Sol Branscum and Mrs. Wood Smith.

The next meeting will be January 13.

Henry Averette of Palestine, a nephew of W. A. Albritton, spent Tuesday night in Hamlin as guests of Mr. and Mrs. Albritton.

New Use Is Found For Linters, if Idea Is Practical

A new use for cotton linters may be found if a process developed by University of Texas scientists can be made economically feasible.

The plan, worked out under Dr. K. A. Kobe's direction by Graduate Researcher Ralph Burdinski, New York, provides for the cleaning and de-waxing of cotton linters, and their transformation into alpha cellulose, with cotton wax as an important by-product. Dr. Kobe is associate director of the Industrial Chemistry Bureau.

"Alpha" is the designation for the best grade cellulose which, in one form, is found in nature as cotton fibres and linters.

"Our process is not practical from an industrial standpoint yet," Dr. Kobe said. "We are still in the talking and testing stage."

The bureau director has conferred with officials at the Hercules Powder Company, Wilmington, Del., and the Du Pont chemical plant, Waynesboro, Va., about the production plan.

The Hercules talks were concerned with actual production while the Du Pont conferences were on the use of linter-based alpha cellulose as a cellulose acetate, plastics and rayon, source.
